SUBJECT INDEX
1983, Volume 50

Aberrant intraventricular conduction: seventy five years after Sir Thomas Lewis: editorial (Fisch). 297
Absent pulmonary valve syndrome: case report (Rao & Lawrie). 586
Adrenaline, increased circulating, effect of labetalol (Struthers *et al*). 277
Afterload reduction, non-invasive measuring of circulatory effect, monitoring pharmacodynamic effect of drugs (Buch *et al*). 170
Alveolitis, amiodarone associated, and polyarthropathy: treatment by plasma exchange: case report (Russell *et al*). 491
Amiodarone associated alveolitis and polyarthropathy: treatment by plasma exchange: case report (Russell *et al*). 491
Amrinone
  intravenous, in impaired left ventricular function, haemodynamic effects: correspondence (Timmis *et al*: Wilmshurst *et al*). 106
  therapy, side effects: correspondence (LeJemtel: Wilmshurst & Webb-Peploe) 499
Angina pectoris
  pacing-induced, increased coronary sinus lactate concentration, after clinical improvement by glyceryl trinitrate (Bagger *et al*). 483
  stable, arterial pressure, heart rate, and ST segment, simultaneous recording, in ambulant patients (Davies *et al*). 85
  variant, U wave inversion during attacks (Miwa *et al*). 378
Angioplasty, coronary, coronary sinus potassium concentration recorded during (Webb *et al*). 146
Aortic
  homografts, unstented antibiotic sterilised, mitral valve replacement, late results (Qureshi *et al*). 564
  root and coronary ostial stenosis in familial hypercholesterolaemia, cross sectional echocardiography, assessment (Ribeiro *et al*). 432
  narrow, enlargement, oblique insertion of a St Jude prosthesis (Kinsley *et al*). 330
Aortocoronary
  bypass procedure, reoperation after (Laird-Meeter *et al*). 157
  vein graft suture lines, infected, dehiscence of, cause of late pseudoaneurysm of ascending aorta: case report (Smith *et al*). 193
Arrhythmias
  fetal, by echocardiography, evaluation (Allan *et al*). 240.
  and structural abnormalities of the fetal heart (Stewart *et al*). 550
Arterial pressure, heart rate, and ST segment, simultaneous recording, in ambulant patients with stable angina pectoris (Davies *et al*). 85
Ascending aorta, late pseudoaneurysm, caused by dehiscence of infected aortocoronary vein graft suture lines: case report (Smith *et al*). 193
Atenolol
  nifedipine in patients receiving, acute and chronic haemodynamic and electrophysiological effects (Rowland *et al*). 383
  verapamil, and nifedipine, load manipulation effect on cardiac rhythm in hypertension (Loaldi *et al*). 118
Atrioventricular discordance. Cross-sectional echocardiographic morphological correlative study (Sutherland *et al*). 8
Atrium(a)
  flutter, recurrent, after cardioversion, determinants (Pozen *et al*). 92
  left, dimensions, assessment by cross sectional echocardiography in mitral valve disease (Loperfido *et al*). 570

Balloon catheter dilatation, coarctation of the aorta, young infants (Finley *et al*). 411
Blalock-Taussig shunt with detachable balloon, transcatheter occlusion, in a child: case report (Reidy *et al*). 101

Cardiac rhythm in hypertension, effects of load manipulation with atenolol, verapamil, and nifedipine (Loaldi *et al*). 118
Cardiology, staffing and facilities, England and Wales, July 1982, second biennial survey (Chamberlain *et al*). 597
Cardiomyopathy
  humoral immunity (Lowry *et al*). 390
  hypertrophic: a common disease with a good prognosis. Five year experience of a district general hospital (Shapiro & Zezulka). 530
  myocardial disorganisation: editorial (Maron). 1
Cardioversion, recurrent atrial flutter after, determinants (Pozen *et al*). 92
Chest trauma, non-penetrating, left ventricle and left coronary artery aneurysms after: case report (Stone & Fleming) 495
Chordal rupture. I: Aetiology and natural history. II: Comparison between repair and replacement (Oliveira *et al*). 312, 318
Coarctation of aorta
  associated with ventricular septal defect, morphology of (Anderson *et al*). 176
  balloon catheter dilatation, young infants (Finley *et al*). 411
  sick neonate and infant, cross-sectional echocardiography assessment (Smallhorn *et al*). 349
Congenital
  abnormalities of the heart and great arteries, long term transvenous ventricular pacing in adults (Ward *et al*). 325
  heart disease in infants, cross sectional echocardiography diagnosis: editorial (Macartney). 501
Constrictive pericarditis, chronic, aetiology (Blake *et al*). 273
Coronary
  artery bypass grafting, effect on left ventricular function, assessed by multiple gated ventricular scintigraphy (Taylor *et al*). 149
    long term follow-up (Brower *et al*). 42
  left, anomalous origin, from pulmonary artery, cross-sectional echocardiography, case report (Terai *et al*). 104
  —and left ventricle, aneurysms, after non-penetrating chest trauma: case report (Stone & Fleming). 495
  ostial stenosis and aortic root in familial hypercholesterolaemia, cross sectional echocardiography, assessment (Ribeiro *et al*). 432
  thrombosis, plaque rupture with severe pre-existing stenosis precipitating (Falk). 127
Correspondence
  Echocardiographic features of free floating thrombus mimicking right ventricular myxoma (Sutton: Shiu & Abrams). 605
  Haemodynamic effects of intravenous amrinone in patients with impaired left ventricular function (Timmis *et al*: Wilmshurst *et al*). 106
  M-mode echocardiographic features of endomyocardial fibrosis (Bertrand & Ekra). 196
  Sarcoid heart disease (Fleming). 498

Side effects of amrinone therapy (LeJemtel: Wilmshurst & Webb-Peploe) 499
Creatine kinase, serum, and creatine kinase MB isoenzyme responses of post-infarction patients after graded exercise test (Davies *et al*). 65
Cross sectional echocardiography *see* Echocardiography, cross sectional

Diastolic rumbling murmur, variable, caused by floating left atrial thrombus: case report (Chen *et al*). 190
Drugs, non-invasive measuring of circulatory effect of afterload reduction (Buch *et al*). 170
Ductus arteriosus, indomethacin treatment in small versus large premature infants. Plasma concentration and clinical response compared (Yeh *et al*). 27

Echocardiography
cross sectional, multiple, left ventricle, three dimensional reconstruction (Sawada *et al*). 438
anatomical basis (Silverman *et al*). 421
aortic root and coronary ostial stenosis in familial hypercholesterolaemia, assessment (Ribeiro *et al*). 432
coarctation assessment in sick neonate and infant (Smallhorn *et al*). 349.
congenital heart disease in infants, diagnosis: editorial (Macartney). 501
endomyocardial biopsy guided by (Mortensen & Egeblad). 246
findings of anomalous origin of left coronary artery from pulmonary artery: case report (Terai *et al*). 104
morphological correlative study, atrioventricular discordance (Sutherland *et al*). 8
right ventricular outflow obstruction diagnosis, infants (Silove *et al*). 416
in diagnosis of dissection of interventricular septum by aneurysm of sinus of Valsalva: case report (Chen & Tai). 293
fetal arrhythmias, evaluation (Allan *et al*). 240
free floating thrombus mimicking right ventricular myxoma: correspondence (Sutton: Shiu & Abrams). 605
interventricular fibroma, diagnosis and successful surgical removal in infancy: case report (Reece *et al*). 590
M-mode, in endomyocardial fibrosis: correspondence (Bertrand & Ekra). 196
pulsed Doppler, in pulmonary valve stenosis, assessment: case report (de Knecht *et al*). 592
tricuspid regurgitation, quantitative assessment (Diebold *et al*). 443
subcostal M-mode computerised. An alternative or complementary approach to parasternal echocardiography? (Rein *et al*). 21
tropical endomyocardial disease in South India (Vijayaraghavan *et al*). 450
Editorials
Aberration: seventy five years after Sir Thomas Lewis (Fisch). 297
Cross sectional echocardiographic diagnosis of congenital heart disease in infants (Macartney). 501
Intracoronary thrombolysis in acute myocardial infarction (Brooks). 397
Myocardial disorganisation in hypertrophic cardiomyopathy (Maron). 1
"Physiological" pacing (Geddes). 109
Potential and limitations of nuclear magnetic resonance for the cardiologist (Radda). 197
Electrocardiography, ambulatory, squash players (Northcote *et al*). 372
Electrode, intracardiac, detection of early ischaemia in man (Donaldson *et al*). 213
Enalapril in heart failure, haemodynamic, hormonal, and electrolyte effects (Fitzpatrick *et al*). 163.
Endocardial fibroelastosis, primary, clinically "cured", persistent left ventricular disease in (Schneeweiss *et al*). 252
Endocarditis, gonococcal, pulmonary valve. A forgotten disease: case report (Rosoff *et al*). 290
See also Infective endocarditis
Endomyocardial
biopsy guided by cross-sectional echocardiography (Mortensen & Egeblad). 246
disease, tropical, in South India, echocardiography (Vijayaraghavan *et al*). 450
fibrosis, M-mode echocardiography in: correspondence (Bertrand & Ekra). 196
Enzymatic
estimation of infarct size and early mortality rate, correlation between (Herlitz *et al*). 520
models for predicting myocardial infarct size (Thygesen *et al*). 70
Exercise induced pulmonary vasoconstriction (Kulik *et al*). 59

Facilities and staffing, cardiology. England and Wales, July 1982, second biennial survey (Chamberlain *et al*). 597
Fetal
arrhythmias by echocardiography, evaluation (Allan *et al*). 240
heart, arrhythmia and structural abnormalities (Stewart *et al*). 550
Fibroma, interventricular, echocardiographic diagnosis and successful surgical removal in infancy: case report (Reece *et al*). 590

Glyceryl trinitrate
high potassium concentration in a parenteral preparation: need for caution if given by intracoronary injection: case report (Webb *et al*). 395
pacing-induced angina pectoris, clinical improvement, increased coronary sinus lactate concentration (Bagger *et al*). 483
Gonococcal endocarditis, pulmonary valve. A forgotten disease: case report (Rosoff *et al*). 290

Haemodynamic prediction of survival after acute myocardial infarction (Wolffenbuttel *et al*). 266
Heart
failure, chronic, long term treatment with pirbuterol, open study (Dawson *et al*). 282
enalapril in, haemodynamic, hormonal, and electrolyte effects (Fitzpatrick *et al*). 163
size, influence on mortality and reinfarction, timolol after myocardial infarction (Gundersen). 135
Humoral immunity in cardiomyopathy (Lowry *et al*). 390
Hydralazine, intravenous, in pulmonary hypertension, haemodynamic response (McGoon *et al*). 579
Hypercholesterolaemia, familial, aortic root and coronary ostial stenosis, cross sectional echocardiography, assessment (Ribeiro *et al*). 432
Hypertension
cardiac rhythm in, effects of load manipulation with atenolol, verapamil, and nifedipine (Loaldi *et al*). 118
pulmonary, intravenous hydralazine, haemodynamic response (McGoon *et al*). 579
in scimitar syndrome in infancy (Haworth *et al*). 182
Hypertrophic cardiomyopathy, myocardial disorganisation: editorial (Maron). 1
Hypokalaemia and ventricular fibrillation, acute myocardial infarction (Nordrehaug & von der Lippe). 525

Indomethacin treatment in small versus large premature infants with ductus arteriosus, plasma concentration and clinical response compared (Yeh *et al*). 27
Infarct size
and early mortality rate, enzymatic estimation, correlation between (Herlitz *et al*). 520
enzymatic models for predicting (Thygesen *et al*). 70
Infective endocarditis
microbiology and pathogenesis (Bayliss *et al*). 513

and teeth (Bayliss *et al*). 506
Internal mammary artery versus saphenous vein graft. Comparative performance in patients with combined revascularisation (Singh *et al*). 48
Interventricular
fibroma, echocardiographic diagnosis and successful surgical removal in infancy: case report (Reece *et al*). 590
septum by aneurysm of sinus of Valsalva, dissection, complication diagnosed by echocardiography: case report (Chen & Tai). 293
Intracardiac electrode detection of early ischaemia in man (Donaldson *et al*). 213
Intracoronary thrombolysis *see* Thrombolysis, intracoronary
Ischaemia
early, in man, intracardiac electrode detection (Donaldson *et al*). 213
myocardial. Dilemma between information available and information demand (Laver). 222
Ischaemic heart disease, origin of concept (Proudfit). 209

Labetalol, effect on increased circulating adrenaline (Struthers *et al*). 277
Lactate concentration, coronary sinus, increased, during pacing-induced angina pectoris after clinical improvement by glyceryl trinitrate (Bagger *et al*). 483

Mitral
stenosis, analysis of regional left ventricular wall motion during diastole in (Hui *et al*). 231
valve disease, left atrial dimensions assessed by cross sectional echocardiography (Loperfido *et al*). 570
prolapse, familial occurrence, straight back syndrome related? (Chen *et al*). 97
and neurosis, independence (Hickey *et al*). 333
replacement using unstented antibiotic sterilised aortic homografts, late results (Qureshi *et al*). 564
valvotomy, open: fourteen years' experience (Kay *et al*). 4
Multiple gated ventricular scintigraphy assessing effects of coronary artery bypass grafting on left ventricular function (Taylor *et al*). 149
Murmur, variable diastolic rumbling, caused by floating left atrial thrombus: case report (Chen *et al*). 190
Myocardial
disorganisation in hypertrophic cardiomyopathy: editorial (Maron). 1
infarction, acute, haemodynamic prediction of survival after (Wolffenbuttel *et al*). 266
acute, hypokalaemia and ventricular fibrillation (Nordrehaug & von der Lippe). 525
intracoronary, evolving thrombolysis (Cribier *et al*). 401
thrombolysis in: editorial (Brooks). 397
ischaemia. Dilemma between information available and information demand (Laver). 222
Myocarditis – a case of mistaken identity (Olsen). 303
Myxoma, right ventricular, free floating thrombus mimicking, echocardiography: correspondence (Sutton: Shiu & Abrams). 605

Neurosis and mitral valve prolapse, independence (Hickey *et al*). 333
Nifedipine
atenolol, and verapamil, load manipulation effect on cardiac rhythm in hypertension (Loaldi *et al*). 118
in patients receiving atenolol, acute and chronic haemodynamic and electrophysiological effects (Rowland *et al*). 383
Notices 108, 196, 296, 394, 605
Nuclear magnetic resonance
for the cardiologist, potential and limitations: editorial (Radda). 197
imaging of the heart, current status and future prospects: review (Steiner *et al*). 202

Open mitral valvotomy: fourteen years' experience (Kay *et al*). 4

Pacing
"physiological": editorial (Geddes). 109
and ventricular, randomised controlled trial (Perrins *et al*). 112
transvenous ventricular, long term, in congenital abnormalities of the heart and great arteries (Ward *et al*). 325
Pericarditis, chronic constrictive, aetiology (Blake *et al*). 273
"Physiological"
pacing: editorial (Geddes). 109
and ventricular pacing, randomised controlled trial (Perrins *et al*). 112
Pirbuterol, heart failure, chronic, long term treatment with, open study (Dawson *et al*). 282
Plaque rupture with severe pre-existing stenosis precipitating coronary thrombosis (Falk). 127
Plasma exchange treatment, amiodarone associated alveolitis and polyarthropathy: case report (Russell *et al*). 491
Polyarthropathy and amiodarone associated alveolitis: treatment by plasma exchange: case report (Russell *et al*). 491
Post-infarction, serum creatine kinase and creatine kinase MB isoenzyme responses of patients after graded exercise test (Davies *et al*). 65
Postmyocardial infarction syndrome, characteristics, prevalence, and prognosis (Welin *et al*). 140
Potassium concentration
coronary sinus, recorded during coronary angioplasty (Webb *et al*). 146
high, in a parenteral preparation of glyceryl trinitrate: need for caution if given by intracoronary injection: case report (Webb *et al*). 395
Pulmonary
artery, anomalous origin of left coronary artery from, cross-sectional echocardiography: case report (Terai *et al*). 104
hypertension, intravenous hydralazine, haemodynamic response (McGoon *et al*). 579
persistent, of the newborn, left ventricular function in (Sutton & Meyer). 540
valve, absent: case report (Rao & Lawrie). 586
gonococcal endocarditis. A forgotten disease: case report (Rosoff *et al*). 290
leaflets, congenital absence (Buendia *et al*). 31
stenosis, echocardiography, pulsed Doppler, assessment: case report (de Knecht *et al*). 592
vasoconstriction, exercise induced (Kulik *et al*). 59

Q waves and ventricular extrasystoles in resting electrocardiograms (Cullen *et al*). 465

Right ventricular outflow obstruction, diagnosis, cross sectional echocardiography, infants (Silove *et al*). 416

Sarcoid heart disease: correspondence (Fleming *et al*). 498
St Jude prosthesis, oblique insertion, and enlargement of the narrow aortic root (Kinsley *et al*). 330
Saphenous vein graft versus internal mammary artery. Comparative performance in patients with combined revascularisation (Singh *et al*). 48
Sauna bathing, electrocardiographic changes (Ishikawa *et al*). 469
Scimitar syndrome in infancy, pulmonary hypertension in (Haworth *et al*). 182
Sinus
node electrogram recording in 59 patients (Juillard *et al*). 75
of Valsalva aneurysm, complicated by dissection of interventricular septum, echocardiography diagnosis: case report (Chen & Tai). 293

Squash players, electrocardiography, ambulatory (Northcote *et al*). 372
ST segment changes, ambulatory electrocardiography, healthy volunteers (Quyyumi *et al*). 460
Staffing and facilities, cardiology, England and Wales, July 1982, second biennial survey (Chamberlain *et al*). 597
Straight back syndrome, mitral valve prolapse, familial occurrence, relationship (Chen *et al*). 97
Systolic murmurs, evaluation by Doppler ultrasonography (Hoffmann & Burckhardt). 337

Teeth and infective endocarditis (Bayliss *et al*). 506
Thrombolysis
  intracoronary, in evolving myocardial infarction (Cribier *et al*). 401: editorial (Brooks). 397
  successful, is transluminal coronary angioplasty mandatory after? (Serruys *et al*). 257
Thrombus, left atrial, floating, causing variable diastolic rumbling murmur: case report (Chen *et al*). 190
Timolol after myocardial infarction, influence of heart size on mortality and reinfarction (Gundersen). 135
Training, effect on left ventricular structure and function, echocardiographic study (Shapiro & Smith). 534
Transcatheter occlusion of Blalock-Taussig shunt with detachable balloon in a child: case report (Reidy *et al*). 101
Transluminal coronary angioplasty, is it mandatory after successful thrombolysis? (Serruys *et al*). 257
Transplanted human heart, electrophysiological abnormalities (Bexton *et al*). 555
Transposition, corrected, surgical repair of lesions associated with (Metcalfe & Somerville). 476
Tricuspid regurgitation, echocardiography, pulsed Doppler, quantitative assessment (Diebold *et al*). 443

U wave inversion during attacks of variant angina (Miwa *et al*). 378
Ultrasonography, Doppler, systolic murmurs, evaluation (Hoffmann & Burckhardt). 337
Ventricle (ventricular)
  extrasystoles and Q waves in resting electrocardiograms (Cullen *et al*). 465
  fibrillation and hypokalaemia, acute myocardial infarction (Nordrehaug & von der Lippe). 525
  left, aneurysm, mitral subannular, a case presenting with ventricular tachycardia: case report (Fitchett & Kanji). 594
  disease, persistent, in clinically "cured" primary endocardial fibroelastosis (Schneeweiss *et al*). 252
  filling rate, reduced, in coronary artery disease, mechanisms (Hui & Gibson). 362
  function, coronary artery bypass grafting effects, assessed by multiple gated ventricular scintigraphy (Taylor *et al*). 149
  impaired, intravenous amrinone, haemodynamic effects: correspondence (Timmis *et al*: Wilmshurst *et al*), 106
  in persistent pulmonary hypertension of the newborn (Sutton & Mever). 540
  and left coronary artery aneurysms, after non-penetrating chest trauma: case report (Stone & Fleming). 495
  structure and function, effect of training, echocardiographic study (Shapiro & Smith). 534
  three dimensional reconstruction from multiple cross sectional echocardiograms (Sawada *et al*). 438
  wall motion, regional, during diastole in mitral stenosis, analysis (Hui *et al*). 231
  and physiological pacing, randomised controlled trial (Perrins *et al*). 112
  right, myxoma, free floating thrombus mimicking, echocardiography: correspondence (Sutton: Shiu & Abrams) 605
  septal defect associated with coarctation of aorta, morphology of (Anderson *et al*). 176
  isolated, in adults: clinical and haemodynamic findings (Otterstad *et al*). 343
Verapamil, atenolol, and nifedipine, load manipulation effect on cardiac rhythm in hypertension (Loaldi *et al*). 118.
